Motto

Damyata Datta Dayaddham

(Self-Restraint, Charity, Compassion)

Mission

In B. Borooah College, the young generation strives to attain academic excellence and professional competence. Here, students are given enough scope to develop personal and social skills with due importance being given to human values. This holistic development of an individual leads to the promotion of national integration, harmony and secularism. The college also aims at inculcating social responsibility and promoting the pursuit of excellence. B. Borooah College not only imparts good education, but also develops human values in its students.

Vision

B. Borooah College, a premier education institution, was established initially with the vision of learning while earning. The college strives to achieve all round development of individuals through academic pursuit and co-curricular activities. Imparting value based education to the students and thereby socially uplifting them in order to keep pace with the changing needs and trends is also part of our objective.

COLLEGE PROFILE

Bholanath Borooh

Gopinath Bordoloi

Hem Barua

B. Borooh College was established in the year 1943 in the name of Bholanath Borooh, a doyen of Assamese trade and commerce and a close associate of Sahityarathi Lakshminath Bezbaruah. Bharat Ratna Gopinath Bordoloi, the Prime Minister and first Chief Minister of Assam, was the founder principal and the first president of the college governing body. The inception of the college can be traced to the Indian struggle for independence. The British administrators ordered the discontinuation of study of those students of Cotton College who had joined the freedom movement. Bordoloi, along with a few nationalist leaders and educationists of Assam, decided to establish a college for such students in Gauhati. Classes started on 13 September 1943 with fifteen students in the premises of Kamrup Academy Higher Secondary School, initially in the evenings so as to enable poor students to pursue their higher studies even as they earned their livelihood. Till the establishment of Gauhati University in 1948, B. Borooh College was affiliated to Calcutta University.

The College has had illustrious persons like Lokapriya Gopinath Bordoloi and the charismatic parliamentarian Hem Barua as principal. Hem Barua was succeeded by Surendra Mohan Das, Dr. Pramod Chandra Bhattacharya, Prasanna Kumar Sarma, Dulal Chandra Borthakur, H.C. Deka, Dr. Rekha Deka and Dr. Dinesh Baishya. Additionally, Dilip K. Choudhury, Bonti Choudhury, Dr. Sunil Pawan Baruah, Madhurima Das Deka and Dr. Bhabani Kanta Sarma served as principals-in-charge at different periods. The present principal of the college is Dr. Satyendra Nath Barman. B. Borooh college takes pride in the fact that five of its erstwhile faculty members have served as president of *Assam Sahitya Sabha*, viz. Hem Barua, Jogesh Das, Dr. Nirmal Prabha Bordoloi, Dr. Bhupen Hazarika and Dr. Birendra Nath Dutta.

The college shifted to its present campus in 1962 which is also the year when day classes started. A new phase started in 1964 when the undergraduate program in the science stream was introduced. In 1993, the Golden Jubilee of the college was celebrated that witnessed the joyous participation of the entire college community, including a number of alumnus. In a similar manner, the college celebrated its Diamond Jubilee in 2003. Tragedy struck B. Borooh College on 3 March 2005 when a devastating fire

reduced a major part of the college premises to ashes. It was with the support of numerous well-wishers and the relentless service of the college community that B. Borooah College was able to remedy the effects of the tragedy. In September 2019, the college completed seventy-six years of service to the cause of quality higher education. The college has been accredited twice by NAAC till date. In 2004, a peer team from NAAC visited the college for assessment and awarded it B++ grade. In 2016, a NAAC peer team visited the college again and awarded it "A" grade.

A host of dedicated teachers and efficient administrators have worked continuously to enable B. Borooah College to attain its present prestigious position. By producing skilled human resources empowered with scientific temper, the college has contributed immensely to the social, cultural, political and educational spheres of the state and the country. B. Borooah college takes pride in the fact that its alumni are placed in faculty positions not only in various colleges but also in IITs, universities and reputed research institutions in India and abroad. The college offers courses at the 10+2 (higher secondary), undergraduate and postgraduate levels. Moreover, the laboratories of a few departments have been recognized as research laboratories. Additionally, a number of universities have recognized some of our faculty members as Ph.D. guides. The college is affiliated to the Assam Higher Secondary Education Council (AHSEC) at the 10+2 level and to the Gauhati University at the undergraduate and postgraduate levels. Besides, there are additional courses offered under the Centre for Open and Distance Learning, Tezpur University. The college has eighteen academic departments and sixteen of these departments offer major courses at the undergraduate level while four of them offer post graduate programs as well. More than hundred well-qualified and dedicated teachers (including guest faculty members) cater to the academic and other requirements of the students. Apart from classroom teaching and regular college activities, the teachers of B. Borooah College are engaged in active research that includes presentation of research papers at seminars and conferences, publication of research articles and books, and undertaking of major and minor research projects. In addition, the academic departments of the college periodically organize seminars and workshops with financial assistance received from the government, UGC, DST, DBT, ICSSR, etc. The smooth functioning of B. Borooah College rests on its three pillars, viz. teachers, students and non-teaching staff that share a symbiotic relationship with each other. In the near future, the college aims to position itself as an academic and research institution of repute that is able to attract students from outside Northeast India as well.

Dr. Satyendra Nath Barman
Principal, B. Borooah College
